## 1.1 First time users' login

Prior to anything else, activating your user account is required on the site [joker.uni-mate.hu](http://joker.uni-mate.hu)  
 First, switch the language to English and sign in.

The screenshot shows the 'User IT Rights Management System' login page. It features the MATE logo and the text 'MAGYAR AGRÁR- ÉS ÉLETTUDOMÁNYI EGYETEM'. There are two input fields: 'MATE identifier' and 'Password'. A callout points to the 'MATE identifier' field, stating 'your Neptun Code'. Another callout points to the 'Password' field, stating 'the letters "Ne" and 8 digits of your date of birth in this order: NeYYYYMMDD)'. Below the input fields, there is a 'Login' button. At the bottom, there is a note: 'In case of login failures send a mail to helpdesk@uni-mate.hu!'. Additional text explains that for employees the MATE identifier consists of 3 letters and 4 numbers, and for students it matches the NEPTUN code. It also mentions that users who have previously accessed MATE wifi, elearning or webmail can try to login using the password used in these systems, not the default password.

After logging in, you have to change the pre-set password, and by changing it, you'll activate your account. (Note: If you have previously accessed MATE Wi-Fi, e-learning or webmail, you already activated your account and created a password other than the pre-set one! You don't need to do it again.)

From then on, the Neptun code and the new password can be used to access university systems including the E-learning system, webmail and Wi-Fi. (The password replacement does not affect the Neptun system.) If you have problems logging in, you should contact the [Information Technology Directorate](#) at the address [helpdesk@uni-mate.hu](mailto:helpdesk@uni-mate.hu) !

## 2. Profile data

After the first login, you can view your own profile by selecting the "Profile" drop-down menu under the user name. Your personal data from the university registration system are automatically uploaded to the E-learning portal.

In case you need to change your name, send email to [helpdesk@uni-mate.hu](mailto:helpdesk@uni-mate.hu) .

**If you are viewing your Moodle account while away from Campus in a different time-zone than Hungary**, it may be useful to view your due dates and events in the time zone in which you are currently located, so that you do not have to make adjustments for time difference each time reading your timeline. Go to profile settings, and select the country then click on "Update profile" Don't forget to set it back if you return/move to Hungary.

The image shows a screenshot of a web form for profile settings. It contains two input fields: "City/town" and "Select a country". The "Select a country" dropdown menu is currently set to "Hungary". An orange callout box with a pointer to the dropdown menu contains the text: "select the country you are in and update profile".

### 2.1. The University e-mail address

The university e-mail address is set up automatically to your E-learning account. This e-mail address appears in your profile information.
